

Residential Boarding Student Fees

LCA is pleased and excited to host and house residential international students on the campus of Layton Christian Academy. We believe the addition of international students has positive benefits for the international student as well as our local student body. To help facilitate international students, LCA has an International Student Coordinator. The ISC will interact with the students while on campus; provide support services and periodic activity opportunities. The ISC is also available to answer questions and help international students and their families through the registration process. The residential student house-parents will also interact with school personnel and parents regarding the student's needs and progress. The residential program is only available to students in the ninth-twelfth grade.

The residential program includes tuition, housing, meals, curriculum/lab fees and transportation (to and from school as well as airport pickup at the beginning of school year and drop off at end of the school year if necessary). Please contact the International Student Coordinator with any questions.
